New Muslims Community
Conference 2026

About the Organiser

New Muslims Community (NMC) is a dedicated initiative under Al Khaadem, an organisation whose name means **“The One Who Serves.”** Since its inception, Al Khaadem has worked tirelessly to uplift individuals spiritually, physically and mentally, guided by its mission to create a kinder, better world through effective aid and education. Rooted in Islamic values, the organisation has long been a sanctuary for those seeking growth, support and a deeper connection with their faith.

Formed in 2013, NMC was created to support reverts in their journey of embracing Islam. Beyond offering reversion services and foundational Islamic education, NMC nurtures a strong sense of belonging through consultation sessions, support groups and community events. More than just a programme, it is a family that walks alongside reverts as they navigate new beginnings, helping them find spiritual grounding, form lasting friendships and feel at home in a supportive jemaah.

PARTNER WITH NMCC 2026

SILENCE HAS A COST. UNITY NEEDS PEOPLE WILLING TO BUILD IT.

Malaysia's divisions rarely begin with hatred. They begin when people stop understanding one another and allow assumptions, suspicion and social media to fill the silence. Reverts live at the centre of this divide.

They understand the Muslim community they have joined and the families and cultures they came from. Few Malaysians are better placed to bridge these worlds. Yet without the right support, that opportunity is lost. Voices that divide become louder than voices that can bring people together.

NMCC 2026 exists because Malaysia cannot afford to let that happen.

At a time when conversations about faith, identity and belonging are becoming increasingly sensitive, remaining silent is not neutral. Every organisation speaks about inclusion, trust and unity. Those words only carry weight when they lead to action. Through NMCC 2026, your brand receives meaningful visibility within a credible national platform while demonstrating a genuine commitment to inclusion, understanding and social unity.

We, The Revert Changemaker

We are not just attending.
We are the conference.

Together We Can Bring **Meaningful Impact!**

By sponsoring NMCC 2026, your brand aligns with a national-level initiative that places reverts at the forefront of unity, integration and social progress in Malaysia. This is a strategic opportunity to support a growing community with real impact, contributing to national harmony, inclusivity and the strengthening of Malaysian identity through the voice and presence of reverts.
